Manage Payroll. Simplify HR. Empower Teams.

ONE-PAGE BROCHURE

Solva HR

Simplify Payroll. Empower HR. Improve Workforce Operations.

Solva HR is a modern cloud-based payroll and HR management system built for businesses in Kenya and beyond. It helps organizations automate payroll, manage staff records, streamline approvals, improve employee experience, and generate statutory reports in one secure platform.

Payroll Management

- 15th and month-end payroll processing
- Payslip generation and ESS access
- PAYE, SHIF, NSSF, HELB, and Housing Levy reports
- Net-to-MPESA exports
- Payroll approvals and audit trails
- Salary reviews and payroll adjustments

Employee Self Service

- Download payslips
- Apply leave
- View leave balances
- Access shifts and rosters
- View performance status
- Access contracts and HR letters

Leave, Attendance & Performance

- Annual leave tracking and off-day requests
- Attendance monitoring and shift roster management
- Absenteeism deduction workflows
- KPI tracking, appraisals, reviews, and promotion cases
- Talent matrix and supervisor/GM scoring

HR Operations & Reports

- Employee records management
- HR letters, contracts, and disciplinary workflows
- Onboarding and offboarding
- Wagebill reports, posting lists, payroll registers
- Statutory exports, audit logs, and executive dashboards

Why Solva HR?

- Kenyan payroll and labour-law focused
- Supports multi-branch organizations
- AI-assisted HR workflows
- Tenant-based organization isolation

- Role-based approvals and access control
- Employee mobile-friendly ESS
- Fast onboarding and setup
- Professional reports and exports
